Madison Bowling Association Recognition Program 2014-2015

Madison USBC Bowling Association

2013-14 was the final season for achievement awards from the USBC. It was also the final year for perpetual honor score awards and the 11-in-a-row award. Also, only bowlers who have a first time 300 or first time 800 will receive an award from USBC.

This season, the MBA introduces an encouraging program that will be aimed at recognizing real achievements by our league bowlers.
