**FROM THE ASSOCIATION MANAGER**

---

Welcome to the 2009-10 bowling season.

The USBC is settled into their new home in Texas and the future of bowling is being addressed in earnest.

There are more than a few fresh new faces on staff, and with fresh new faces come fresh new ideas. The marketing, internet, and diversity workshops at this year's national convention were enlightening. The young people conducting these classes are not only new to the USBC – but some are new to bowling as well. Their perspectives are not preconceived or clouded by the past.

For so long, the organization has lamented about decreasing membership numbers, but no real movement has been made to adapt and integrate the organization into today's society. And this society annually maintains fairly steady participation numbers in recreational bowling despite the economy, despite fewer centers, and despite countless "other things to do". People just love bowling, period.

The USBC plans to utilize the myriad of social networking tools – Facebook, MySpace, Twitter, etc. in order to connect to many of the 65 million people who participate in bowling annually. Bowling will be brought to them, instead of waiting for them to come to bowling.

What does that mean for the MBA? It means we also need to keep up and stay fresh. It means we need to step back and take a look at our product and how we can implement marketing, social networking tools, and diversity programs into our association so that we can grow the organization AND the sport.

We need to prove ourselves viable and valuable as an association in the modern era.

Meanwhile, membership benefits continue to expand. In addition to the many reasons to be a certified member, the USBC affinity program is blossoming. Now, you will be able to benefit in the real world with what is already the best membership value in sports. Major companies are offering real savings exclusively to USBC members.

Competitively, the sport itself will also introduce changes. Currently slated for the spring, the USBC is planning to launch a Red, White, and Blue lane condition system. This system will allow your league to choose its level of competition – much like one would choose a golf tee box. This is a long overdue first step.

Look for more details on these and other positive changes to your local and national membership organizations over the season. Log on to our website at <http://mba.bowlweb.com/> for the latest news and sign up for the MBA E-Newsletter.

As always, we would love to hear what you have to say. Please forward your ideas, questions, comments to the bowling office. Or get involved – inquire about becoming an MBA Ambassador.

Most of all, thank you for being a member. Have a great season.

## Legion of Honor

The Legion of Honor was established in 1988 to honor both the memory and the records of deceased MBA members whose commendable service and/or bowling achievements may have been dimmed by the passage of time or by the performances of more contemporary bowlers. The Madison USBC Bowling Association accords its recognition of these meritorious individuals by naming them to deserved membership in its Legion of Honor.
